

To win again, adding new titles, main objective of 2007
for the team number 1 of the world

ADAM RAGA AND GAS GAS RENEW THEIR PARTENERSHIP

Salt (Girona), 10th of November of 2006. - GAS GAS Motos and the present Trial Indoor and Outdoor Champion of the World, Adam Raga, have signed today an agreement to renew the partnership initiated seven years ago. For the Catalan brand, leader in the off-road field, this is a logical issue considering the excellent sport results obtained thanks to the collaboration of the pilot from Ulldesconca.

Adam Raga and GAS GAS win the Trial Indoor Championship since 2003 and the Trial Outdoor since 2005. To keep the crown in both contests during next campaign 2007 is the great challenge that both parts have targeted.

Once signed the agreement, Jaume Ros, GAS GAS Motos General Manager, expressed his satisfaction *"to follow with Adam means clearly that we are interested in keeping with us the unquestionable trial world leader. We want to combine his skills in term of sport and image, with our last and best assets. With an efficient work co-ordination on behalf of all of them we should perform new achievements in races but also technological and commercial goals, and therefore carry on the the renewal and changes that GAS GAS is experiencing"*.

Adam Raga, who today has left to Malaga to compete for the Indoor Trial of Nations, mentioned that *"to follow with GAS GAS has always been my priority. I feel very comfortable with GAS GAS as I started my from the very beginning with them start to win races"*
