

## 1.1 GASGAS service times

Status: October 2020

### Valid up to and including

- Model year 2021 (Offroad)

The service times apply to the scope of service specified in the Owner's Manual. The calculated times may vary due to a higher or lower annual mileage. Your authorized GASGAS Motorcycles dealer will tell you the exact scope of service and time required. Assembling of non-standard accessories, cleaning work and any complications will be charged additionally. Any further work that results from the compulsory work or from the recommended work must be ordered separately and invoiced separately. For individual country variants, the service times may differ, depending on the equipment. Service intervals are repeated according to time elapsed or mileage, whichever occurs first.
