THE GASGAS UNITED IN DIRT AUSTRALIA TOUR 2024

For the first time 'Down Under' - GASGAS Australia is excited to announce the UNITED IN DIRT Tour will be visiting Australia in 2024! Having taken place over the past few years in Europe and South Africa - this will be the first edition held in Australia to put yet more people on more of our bikes and give them a real flavor of what GASGAS is all about.

The stops included are WA, QLD, VIC and NSW. At each stop of the tour, the 2024 GASGAS offroad range will be available to test ride - featuring the Motocross, Enduro and Cross Country models, along with a few selected GASGAS E-Bikes for those looking to expand their two-wheeled passion. We expect each event to be oversubscribed, so get ready for some good times on two wheels and be quick to get registered!

For each event, there will be three available sessions that riders can choose from - Morning 9.00am - 11.00am, Midday 11.30am - 1.30pm and Afternoon 2.00pm - 4.00pm. Every rider will have the chance to test ride a maximum of four GASGAS models.

It's not often that anyone, including the media, has the opportunity to ride an entire model range in a single day - which is just one of the reasons why the GASGAS United in Dirt Tour is so awesome! If you've never seen what goes on at the United in Dirt Tour, check out our highlights from the previous years.

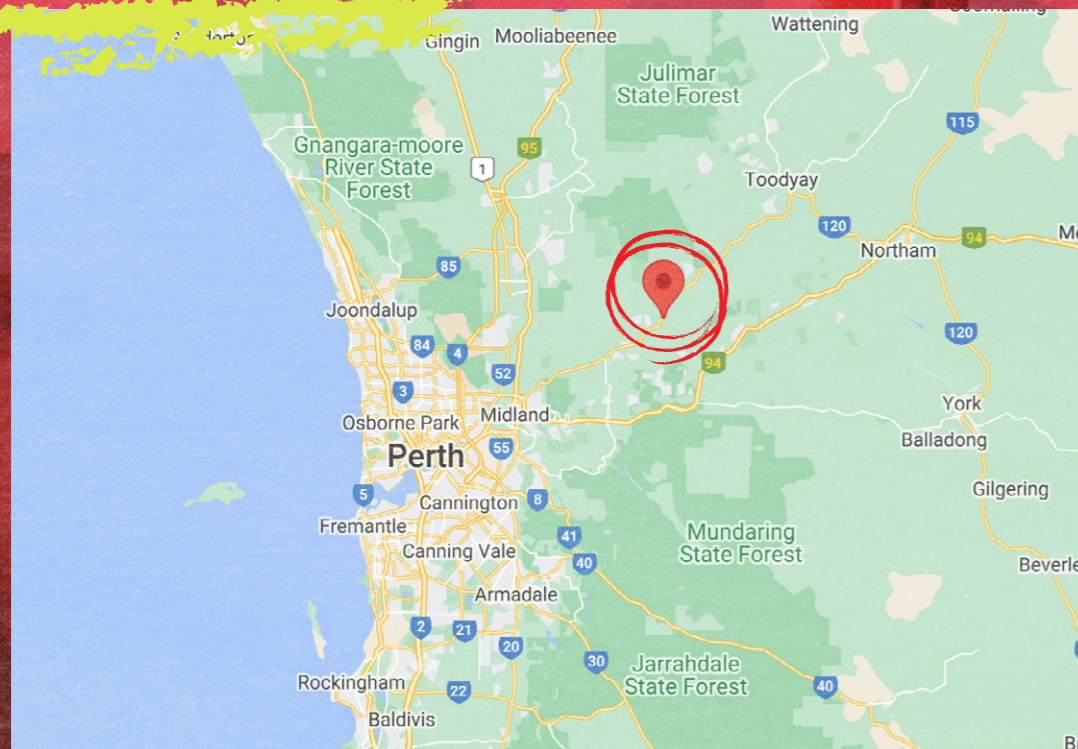

WHAT TO EXPECT!

At each stop of the tour your day with GASGAS might look a little something like this... During your preferred session you could be shredding laps around a motocross track aboard one of our awesome new-generation MX models ... then test yourself on the enduro loop, aboard a class leading two-stroke or four-stroke enduro weapon. Or even test the best of both worlds and take a Cross Country model for a rip on either the MX track or the enduro loop! We'll also have a couple of our GASGAS E-Bike on hand for you to try out as well!

Besides the riding aspect, the United in Dirt Tour is also about bringing like-minded people together - the thrill seekers out there who have a serious passion for dirt bikes and love anything with two wheels, just like everyone at GASGAS. On hand at every stop will be our team of GASGAS product experts. This friendly and knowledgeable group of guys and girls really know their stuff, so if you need a little help with bike set-up, have some questions, or maybe have some feedback to share, they're the people to talk to.

FIRST STOP

WHERE?

Toodyay Rd &, Aspen Rd, Gidgegannup WA 6082.

The Noble Falls race circuit Moto Park located 50 minutes of driving outside of Perth.

WHAT ELSE?

Situated in the picturesque Noble Falls, on the corner of Toodyay and Aspen Road Gidgegannup, it is said to be one of the best tracks in Australia.
